Falun Dafa Greeting 2018

The horrific measures employed by the Chinese Government against Falun Gong members, Christians and other religious minorities violate Article 36 of China's Constitution, which guarantees religious freedom. They breach China's pledges to adhere to the Universal Declaration of Human Rights, the International Covenant on Civil and Political Rights, and the UN Convention on the Rights of the Child. They violate what it means to be human.

By freely marking this anniversary together we can help shine a light into the dark places: the regimes and ideologies of our world that hate and repress freedom and faith.

By meeting like this: by upholding and celebrating the truly Canadian values of religious freedom, freedom of speech and freedom of conscience, we can be a voice for those who have no voice as we call and pray for change.

Ted Falk.
