I am pleased to extend my warmest greetings to the Falun Dafa Association of Canada in celebration of Falun Dafa month.

Falun Dafa is the traditional practice of self-cultivation, promoting principles of truthfulness, compassion and tolerance. It suggests the concept that the health of the body is related to the health of the mind, therefore peace of mind is a central goal for Falun Dafa followers.

I am proud that our country Canada shares in one of the founding principles of Falun Dafa: tolerance. We live in a country that accepts people of all religious sects and seeks to excel in ensuring every individual's freedom of conscience and belief.

I am aware of the persecution that Falun Dafa followers have suffered and continue to suffer under Chinese Communist rule and I strongly condemn this persecution.

Best wishes during this joyous celebration.

Sincerely,
