## Message from His Worship Mayor Dan Carter

On behalf of Members of Council and the residents of Oshawa, I am pleased to provide greetings in recognition of the 27<sup>th</sup> Anniversary of the introduction of Falun Dafa to the public.

Falun Dafa promotes harmony and health in society through its traditional Chinese self-improvement system. The practice helps people to improve their spiritual, mental, moral, and physical wellbeing through meditative exercises and the guiding principles of truthfulness, benevolence, and forbearance.

I am proud to live in a community that accepts and celebrates our religious and cultural diversities. The City of Oshawa is home to many events that foster understanding and harmony through mutual respect. We recognize and appreciate the traditions and culture of our Chinese community and value contributions that positively support our community.

Oshawa offers the amenities and opportunities of a growing urban centre coupled with the lifestyle of short commutes, vibrant culture and affordable living. With renowned post-secondary institutions, streamlined development services and competitive business costs, there really has never been a better time to invest and live in Oshawa.

We hope Falun Dafa offers you time to improve your well-being and allows you to create or rekindle many positive friendships in your community.

Yours truly,

Dan Carter  
Mayor
