December 20, 2019

To the Falun Dafa Association of Canada:

I send you greetings and my congratulations for the opening of the Shen Yun Canadian Tour.

As New Democrats, we believe in the power of story-telling, and how it relays important lessons. Therefore, I am pleased to see an event that brings the art of China to Canadians through the medium of story-telling and dance.

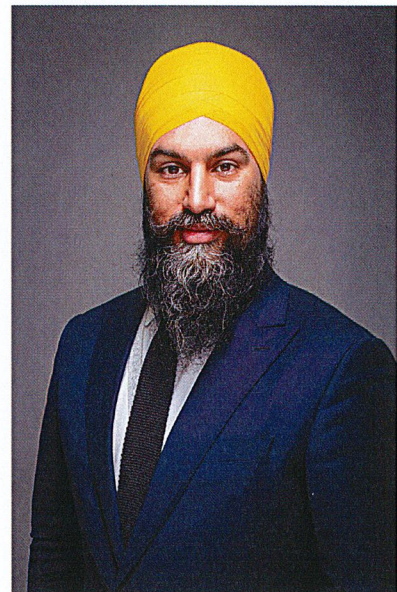

Such events make our country the beautiful, vibrant, and diverse place that it is today. Support for the arts fosters creativity in our community, which I believe is extremely important.

Congratulations again on the launch of your tour. I send you all my heartfelt greetings.

Sincerely,

A handwritten signature in black ink that reads "Jagmeet Singh".
