

May 5th, 2021

In celebration of Falun Dafa Day, I would like to show recognition to the Falun Dafa community. As we approach the anniversary on May 13th, 2021 we should take time to reflect on the contributions made.

The core beliefs of this traditional practice are truthfulness, compassion and tolerance, which help to promote a society where freedom and acceptance are valued. I am proud to bring greetings for a group that promotes freedom and peace within the world.

This diverse cultural group has helped Canadians battle through difficult times and improve mental health. The benefits of this practice are particularly important today, as the world struggles to navigate through the ongoing pandemic. As we continue to struggle with changes and restrictions Falun Dafa remains a steady voice of compassion.

It is my pleasure as Member of Parliament for Brandon-Souris to support the Falun Dafa community in their celebrations, and to show gratitude to the improvements made to society.

Best wishes,

Larry Maguire
