To the Falun Dafa Association Canada

I extend my greetings to honour the monumental 30th anniversary celebration of International Falun Dafa Day on May 13, 2022!

Falun Dafa classes have been taught across the world for 30 years. Falun Dafa practitioners follow the principles of truthfulness, compassion, and tolerance. The practice teaches people to be kind to others.

With the unlawful Invasion of Ukraine, the world needs more truthfulness and kindness right now. Thank you for your Falun Dafa teachings to help our mental, moral, and physical wellbeing.

Best regards,

Lisa Osanic, Councillor Collins-Bayridge District
