May 10, 2022

This year, the Falun Dafa community will be celebrating the 30th anniversary of Falun Dafa's introduction to the public. I am thrilled to extend my warmest congratulations on this incredible milestone.

The Falun Dafa practices of meditation and inward reflection are helpful to millions of practitioners all over the world. Many Canadians enjoy the comfort and stability that are offered through this system of self-improvement.

Falun Dafa traditions encourage practitioners to improve their mental and physical well-being, while being rooted in the honourable values of truthfulness, compassion and tolerance.

I would like to thank the many Falun Dafa practitioners who took these values to heart during the pandemic. I am grateful for the efforts you made within your communities to encourage and uplift your neighbours during these hard times.

Sadly, the Falun Dafa community has often been the target of religious persecution and discrimination. Conservatives will always work to make sure our country remains a place of safety and freedom for all those wishing to practice this beautiful religion.

On behalf of the Conservative Party of Canada, please accept my best wishes on your event today, as you celebrate this momentous anniversary.

Sincerely,

A handwritten signature in cursive script that reads "Candice Bergen".

Leader of the Official Opposition
