***Attn: Sun Yen Performing Arts 2023 World Tour (Canada)***

It is my utmost honor to bring greetings from Ottawa and to welcome the Shen Yun Performing Arts to Canada on their 2023 World Tour. As the world slowly begins to reopen, and venues become full again, I am thrilled to see this classical Chinese dance production return to the stage to entertain and delight audiences throughout our country. Canadians have always enjoyed and celebrated the arts with great enthusiasm so I am sure that you will be warmly welcomed as you travel from coast to coast.

I appreciate the care and effort that the Shen Yun Performing Arts has taken to embody thousands of years of traditional Chinese culture as their dancers perform, inviting the audience into a profound and moving theatrical experience. I am sure that audiences across Canada will come to know and appreciate the Shen Yun Performing Arts as a remarkable group of talented artists full of passion and inspiration.

Yours truly,
