Dear Friends,

I wish to offer my warmest congratulations to the Falun Dafa Association of Canada on the highly anticipated return of Shen Yun to the province of Ontario.

Shen Yun is a true showcase of cultural excellence — for over 5,000 years, China's rich culture deeply influenced the arts, history, and identity. I am thrilled to have the opportunity to welcome this artistic revival and celebration to our community and shared values once again.

Chinese Canadians represent the best of our country. Having overcome hardship and adversity, they remind us of the importance of defending fundamental values of freedom, democracy, human rights, and the rule of law. Especially important as we mark the Lunar New Year, let us look forward with hope and optimism.

I join in thanking the Falun Dafa Association of Canada for organizing this show and giving us the opportunity to enjoy an unparalleled blend of traditional Chinese dance, music, and acrobatics as we celebrate the accomplishments of the Chinese community and promote their contributions to Canada and the world.

Congratulations again on yet another successful event!

Sincerely,
