Dear Corinne:

On behalf of the Official Opposition, I would like to congratulate and thank you and all Falun Dafa practitioners on your 32nd Falun Dafa Day.

Here in Saskatchewan, we cherish our diverse community, and the impact of Falun Dafa practitioners, both locally and globally, is truly commendable. Your tireless efforts have touched countless lives, nurturing mental, moral, and physical well-being in our province and beyond.

Saskatchewan has had a tough year, with the tail-end of the pandemic and the cost-of-living crisis. In times like these, preserving our mental health and well-being is essential, and organisations like Falun Dafa are an excellent and valued resource.

In the face of recent challenges, including economic uncertainties and societal strains, the importance of organizations like Falun Dafa cannot be overstated. Your presence offers a beacon of hope and support, fostering resilience and unity within our community.

As we approach Falun Dafa Day on May 13th, I want to extend my heartfelt appreciation to each and every one of you who has contributed to the vibrant spirit of Saskatchewan. Your unwavering dedication and leadership serve as an inspiration to us all.

Sincerely,

Carla Beck
Leader of the Official Opposition
