

Here is quote from MPP Schreiner for the 28th Falun Dafa Day!

"The 28th Falun Dafa Day arrives at a time where we all need to embrace the principles of "truthfulness, compassion, and forbearance" as we get through this public health challenge as a global community. It is my honour to recognize Falun Dafa's 28th anniversary and I hope its message of peace and harmony continues to thrive."

- MPP Mike Schreiner, MPP for Guelph, Leader of the Green Party of Ontario
