Dennis Turner  
Digital Creature Lead/ Professor  
Computer Animation – Visual Effects – Digital Creature

To Whom this may concern,

My name is Dennis Turner, a faculty member of the Computer Animation – Visual Effects – Digital Creature Dept. at Sheridan College and the Program Lead for Digital Creature.

Mingyuan Liu is one of my students in the Digital Creature program here at Sheridan College. She is a very good student who brings a high degree of passion, enthusiasm, and especially artistic skill to her studies. It is a genuine delight to have her in my classes.

I am distressed to learn of the plight of Minyuan's mother, who has been wrongfully imprisoned in China for her beliefs. I would like it known that as a free Canadian citizen this angers me, and that Mingyuan has whatever help and support that is within my power to give.

I can be reached by email at [dennis.turner@sheridancollege.ca](mailto:dennis.turner@sheridancollege.ca) if you have any questions. Thanks for your time and consideration.

Best,

Dennis Turner
