Shen Yun 2025

Greeting! As Member of Parliament for Mission-Matsqui-Fraser Canyon, I am pleased to extend my warmest wishes to all those performing in Shen Yun.

Shen Yun beautifully showcases the rich cultural and artistic traditions of ancient China. With its breathtaking choreography, stunning costumes, and immersive digital backdrops, it offers an experience unlike any other.

Your dedication to reviving and sharing this heritage is truly commendable. Since its first performance over a decade ago, Shen Yun has sparked global appreciation for a culture that has been largely forgotten. Preserving and celebrating history is vital, and I applaud the entire Shen Yun team for your continued efforts.

I also acknowledge the concerns surrounding transnational repression and interference faced by members of your community. Freedom of expression, belief, and cultural celebration are fundamental values in Canada, and no one should face threats or intimidation for sharing their heritage.

Thank you for your artistry and leadership in bringing this incredible experience to audiences worldwide.

Sincerely,

Brad Vis, M.P.
